gnosis a priori...

Running round this crazy life swirling at my feet
Spins me into a dance with everyone I meet
I'm just letting you know, I'm just letting you know

If you don't know you'll soon find out this is how I live
You'll never need permission as long as I forgive
I'm just letting you know, I'm just letting you know

I'm a man, I'm a child
Heartbeat raging wild
I'm just letting you know

If you're loving mother earth, give her a kiss for me
I'll be flying for the day – maybe two or three
I'm just letting you know, I'm just letting you know

I just need a little space so my heart can be free
And I'll make room for you inside, and that's alright with me
I'm just letting you know, I'm just letting you know

I'm a child, I'm a man
And I'm doing the best I can
I'm just letting you know

I'll cook a gourmet dinner, then take you out for cheesesteak
And let you pay the bill when it arrives
You'll think that I'm a winner
Though I'm no hunk of beefcake
I'm living in one life a hundred lives

I'll wear you down with madness, then ask you for inspiration
Then demand some privacy to work the whole thing out
Goodness, sadness, badness
Directed but no destination
I'm too many people without a doubt

I play cards but gambling fools really give me the creeps
And I always play for money but I never play for keeps
I'm just letting you know, I'm just letting you know

I'm a wise man and a senseless fool, a sinner and a saint
The more I think about it there ain't that much that I ain't
I'm just letting you know, I'm just letting you know

I might be everything thing you need
Or nothing at all indeed
I'm just letting you know

Maybe you should stay, or turn and walk away
I'm just letting you know
