Come and sit beside me in glowing sun or pouring rain  
Tell me anything, come cheer your joy and share your pain  
If you're hurting, let me make you laugh again  
All you need to do is reach for me

You can look for me, be you near or far away  
In any state of mind or any time of day  
You don't need a reason for anything you say  
All you need to do is reach for me

Reach for me any time you need to bare your soul  
Reach for me any time you need a hand to hold  
Reach for me any time your heart feels lost and cold  
Reach for me any time you chose

Reach for me anywhere you need to hold on tight  
Reach for me anywhere on any lonely night  
Reach for me anywhere there's no safe port in sight  
Reach for me anywhere there's nothing left to lose

Call for me and I will find you anywhere you are  
Doesn't matter time of day or if you're near or far  
And let us sing duets of life until you find your star  
All you need to do is reach for me
